

Dear parent(s),

We're having a book flood!

I do not have as many books in my classroom library as I would like to. I am grateful for the donations I have received, however. I am asking students to bring in as many books as they can to donate to our classroom library--to **flood** our classroom with books!

These will be permanent donations and will be greatly appreciated. I will award extra credit to those students who bring in books. Please make sure that any donations are appropriate for **your grade level here** graders to read and that you have given your child permission to donate the books. Attached is a list of authors and books which I think would be assets to our library, in case you need somewhere to start.

If your child is able to supply the class with some books, please list the books below and sign the bottom of the form so that I know you do approve of these donations.

Books:

Student's Name: _____

Parent Signature: _____
